HI! I AM  
A GIRL FROM  
SLOVAKIA  
WHO LOVES  
TO CREATE  
STUFF  
AT 3AM

# ELENA GIERTLOVÁ

I'm an illustrator and designer based in Czechia. Attended private high school of arts in Zvolen, Slovakia and University of Tomáš Baťa in Zlín, Czechia.

My mind gets creative in unhealthily late hours, when I use **Adobe Photoshop, Illustrator, InDesign, After Effects and Lightroom.** Therefore I create mostly illustration and graphic design, but also typography, motion and web design.

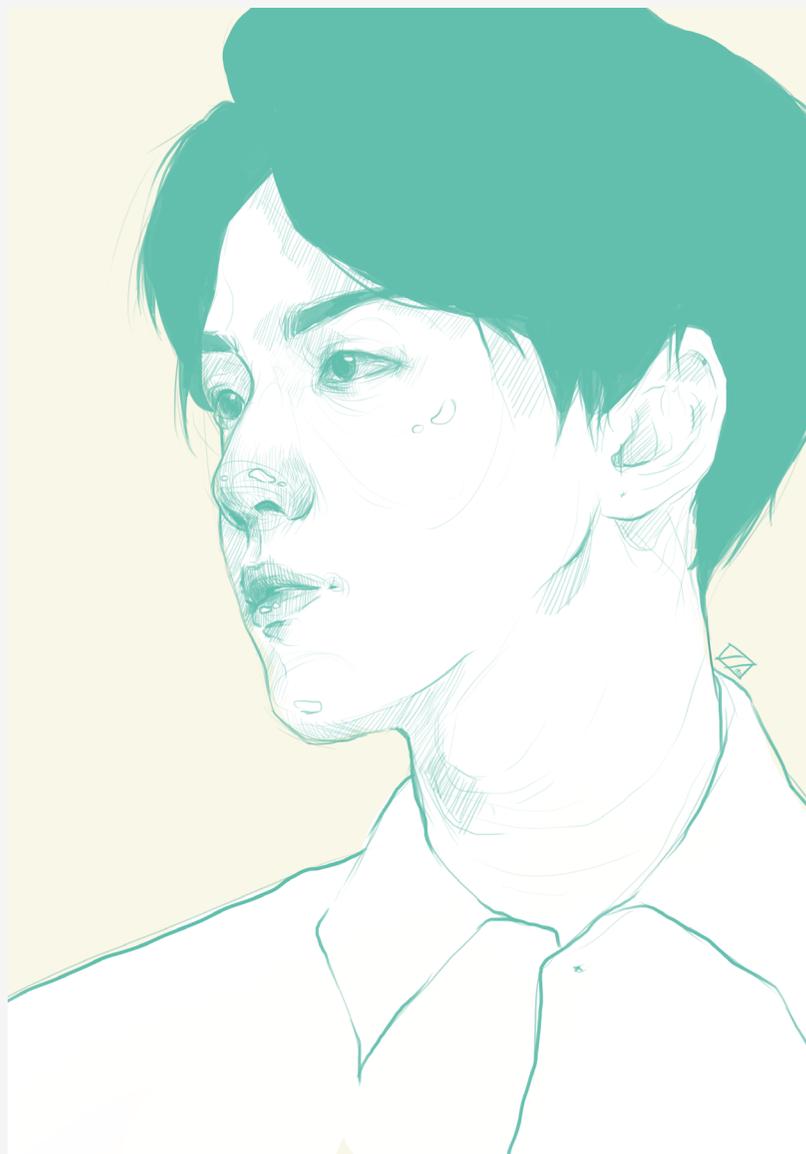

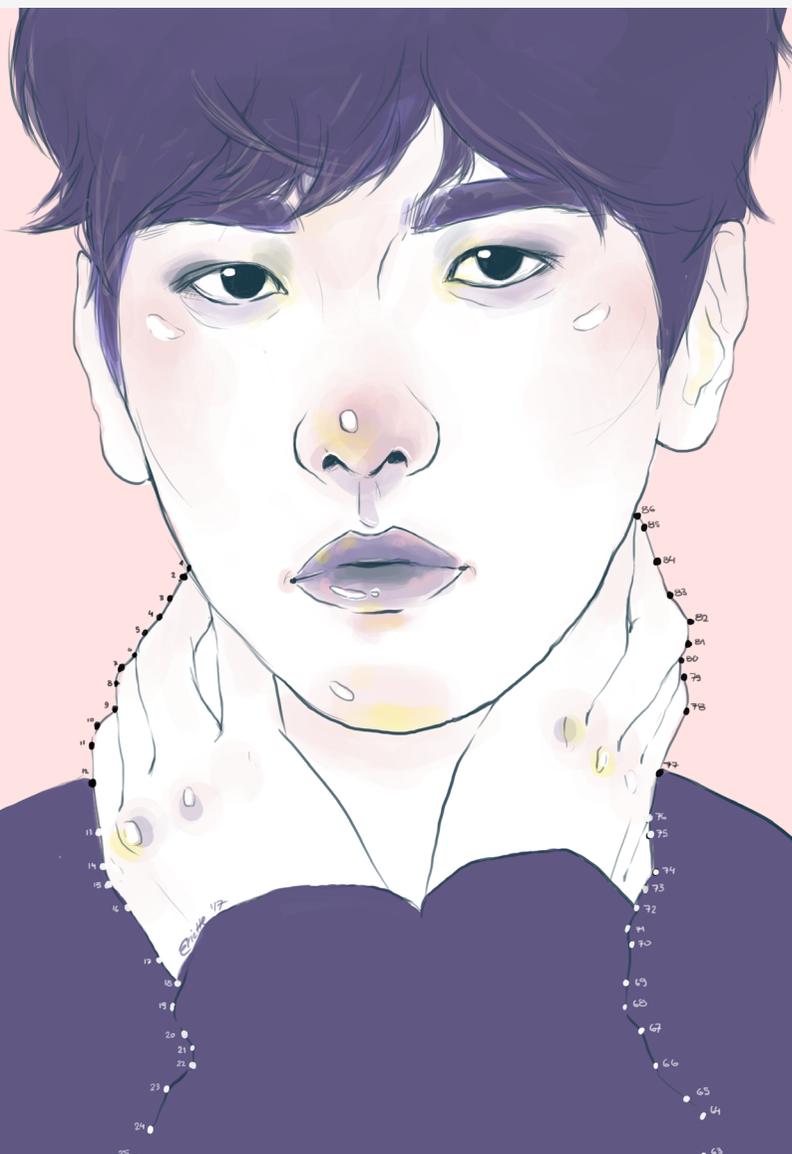

I also have knowledge in **advertising, online branding, fashion design, typography, composition, drawing and perspective.**

And I also like to binge watch sci-fi shows, dance and play videogames.
